# *Eyelash Extensions*

*at Milagro Spa*

*Individual synthetic mink lashes that are applied to your natural lash to give a thicker, fuller look.*

*They are black in appearance and have a natural curl so no mascara necessary.*

# FAQ

## **What Are Eyelash Extensions?**

Eyelash Extensions are a popular new service and product that lengthens and thickens your own natural eyelashes. Lash Extensions are single strands of synthetic eyelashes that are curved to replicate a natural eyelash. They are applied to each individual natural eyelash one by one for a natural, beautiful look.

## **How long will a set of Eyelash Extensions Last?**

When applied properly, eyelash extensions will last the length of the natural growth cycle of your eyelashes. Everyone's experience will differ based on day to day activities but over all touch ups should only be required every 2 to 3 weeks.

## **Can I apply mascara to Eyelash Extensions?**

Yes, even though mascara is not really required since the extensions actually give the illusion of wearing mascara it can be worn. It must however only be water based mascara. Waterproof mascara or any type of oil based mascara can dissolve the bonding agent and shorten the life of your eyelash extensions causing them to fall sooner. Care also needs to be taken in washing off the mascara. Only use a water based eye makeup remover.

## **Can I swim, shower, exercise, or visit the spa while wearing Eyelash Extensions?**

Yes. We do recommend however that you do not wash your eye area for about 12-24 hours after the eyelash application.

## **How do I take care of my new Eyelash Extensions?**

- Avoid getting your lashes wet for 12 - 24 hours
- Avoid hot steam or sauna
- Avoid running water directly on your lashes
- Do not rub your eyes
- Only use water based mascara (*optional*)
- If applying mascara do so from middle to tip, avoid root area
- Use water based eye makeup remover
- Do not use an eyelash curler
- Do not pull on your lashes (*this may cause your natural lashes to come out prematurely*)
